

Ikelite Digital Housing

supplemental instructions

for

#6250.60 Fuji F60fd ULTRACompact Digital Housing

Initial Camera Setup

1. Set Mode Dial to A/S
2. Set Shooting Mode to "A" Aperture Priority.
3. Set Flash to Forced Flash (lightning bolt).
4. Set White Balance to "Auto".
5. Set Image Display to 3 seconds.

NOTE: If over-exposure occurs, back away from the subject and then zoom in as necessary. This will also cause an increase in shutter speed and a smaller aperture setting.

Ikelite W-20 Wide-Angle Conversion Lens #6420.46

Your new Ikelite housing features a 46mm threaded port for attachment of external 46mm accessory wet lenses such as the Ikelite 46mm W-20 lens #6420.46. External wide angle conversion lenses increase angle of coverage, so you can get much closer to your subject while still fitting everything in the frame.

#9306.81 67mm Threaded Adaptor

Allows attaching Ikelite W-20 #6420, Epoque, Type II Inon screw-on lenses, and macro lenses or diopters with 67mm threads. Includes larger size removable flash deflector.

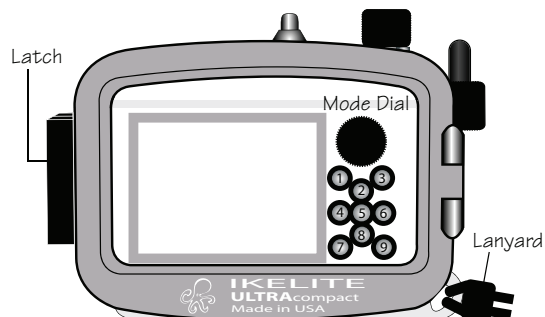

#9306.79 Bayonet Mount Adaptor

Allows attaching of the Inon UWL-105AD, UFL-165AD, UWL-100AD, and macro bayonet style lenses. Includes larger size removable flash deflector.

NOTE: Vignetting can occur at widest angle camera lens setting with some wide-angle conversion lenses. Zoom in to eliminate, or crop the image in post-processing. Also, slight edge softness around the edges in some situations is normal.

AF35 Strobe Package #4035

The AutoFlash AF35 kit is a great compliment, and an effortless, affordable way to add a flash to your new Ikelite point-and-shoot camera system. Everything you need to get started is in the box. Just attach it to the bottom of your housing and start taking pictures!

AF35 AutoFlash kit includes:

- AF35 strobe
- Flex arm
- AutoFlash sensor
- Handle with rubber grip
- Tray (single or dual)
- Mounting hardware

Strobe Compatibility Note:

The DS-200 Substrobe is NOT compatible with this camera system. Compatible strobes include the AF35, DS-51, DS-125, and DS-160.

Go to www.ikelite.com for complete strobe and accessory info.
