|---------------------|---------------------|-------------------|
| [1] Mode Button     | [4] Self-Timer      | [7] Menu Button   |
| [2] Flash Mode      | [5] OK/Apply Button | [8] Macro         |
| [3] Playback Button | [6] +/- Rotate      | [9] Delete Button |

Back View

### Camera Setup (Nikon S600)

1. Set camera to Macro Mode.
2. Set camera to Auto Mode (camera icon).
3. Set ISO to 64
4. Set AF35 dial to 4 (if applicable)

**NOTE:** If over-exposure occurs, enable Macro Mode setting. If over-exposure continues, back away from the subject and then zoom in as necessary. Camera will focus far away even if Macro Mode is on. You can also use (-) Exposure Compensation.

### Ikelite W-20 Wide-Angle Conversion Lens #6420

An external wide angle conversion lens increases angle of coverage so you can get much closer to your subject while still fitting everything in the frame. Add an Ikelite W-20 or other wide-angle lens with an Ikelite accessory port adaptor. Use for increased color and clarity in any conditions.

**NOTE:** Slight vignetting may occur at widest angle camera lens setting. Zoom in slightly to eliminate, or crop the image in post-processing.

### #9306.81 67mm Threaded Adaptor

Allows attaching Ikelite W-20, Epoque, and Type II Inon screw-on lenses with 67mm threads. Includes larger size removable flash deflector.

### #9306.80 Bayonet Mount Adaptor

Allows attaching of the Inon UWL-105AD bayonet style lenses. Includes larger size removable flash deflector. Vignetting will occur at wide angle settings with these lenses. Zoom in or crop the image to eliminate vignetting.

### Housing Lens Port

Your new Ikelite housing features a 46mm threaded port for attachment of external 46mm accessory wet lenses.

### AF35 Strobe Package #4035

The AutoFlash AF35 kit is a great compliment, and an effortless, affordable way to add a flash to your new Ikelite point-and-shoot camera system. Everything you need to get started is in the box. Just attach it to the bottom of your housing and start taking pictures!

#### AF35 AutoFlash kit includes:

- AF35 strobe
- Flex arm
- AutoFlash sensor
- Handle with rubber grip
- Tray (single or dual)
- Mounting hardware

### Strobe Compatibility Note:

The DS-200 Substrobe is NOT compatible with this camera system. Compatible strobes include the AF35, DS-51, DS-125, and DS-160.

Go to [www.ikelite.com](http://www.ikelite.com) for complete strobe and accessory info.
